**AN/ARC-102 – With set Carlo connected K0IP – First Atlantic hop during
the O.T. Operations**

From the Sicily with love - Emanuele IW9HMI

Italian RV3/13

below : German HF manpack AEG 6861

IK5NXD Andrea and his AN/URT-17

FINAL COMMENTS

We had two exciting weeks with old radios, it was a nice time to meet our friends every day on air with several sounds.

This was ham radio as I like and it was just as 55 years ago, when we started our radio career.

Thanks for these two weeks. Next year let us do it again....

Mike - DJ7RS
